

Application for Allan Inglis Travel Scholarship 24-25

- The Allan Inglis Travel Scholarship is open to Junior and Senior Honours or PG students in SMLC studying French, travelling to France or a Francophone country for reasons related to their study or research, or needing to conduct research in French.
- For JH and SH students: since this is a scholarship project, your academic profile should be such that you can reasonably expect to achieve a first-class or very strong second-class result on completion of your degree.
- Projects may involve travel to France or to any French-speaking country or to a French-language archive in any country.
- When drafting your application, you should demonstrate good awareness of cost effectiveness and time management, and maintain a focus on the completion of the proposal objective.
- Although priority will be given to projects having a clearly articulated research objective, others demonstrating development of graduate attributes and links to industry will also be considered.
- The total available for award each year is subject to variation but is in the region of £2000 – £3000. It may be helpful to bear this in mind when producing indicative costings.
- Successful projects may be undertaken at any point outwith the teaching and examination period at the University of Glasgow – i.e. the period during which your presence is required at the University. The scheme is also open to JH students undertaking a third term abroad. However, it is not intended to finance the third term abroad itself, but a separate project. You should aim to complete your project at the latest by the end of the academic year in which you receive the award (late August/early September). On completion of the project, you will be asked to submit a detailed report of 800-1000 words describing the project outcome.
- Successful applicants may re-apply to the scheme, although priority will be given to new applicants.
- **Note:** on no account should you make any bookings before learning the result of the scholarship application process and the amount to be awarded to you, if you are successful.

*It is the applicant's responsibility to ensure that the complete application is delivered electronically to smlc-pgscholarships@glasgow.ac.uk by **Monday 9th December 2024**.*

PART I: Information about the applicant

Name

Title	First name(s)	Last name	Student ID No

Email Address:		Email Address:	
----------------	--	----------------	--

Degree classification studying for and year of study	
--	--

Proposal Details (300-500 words)

In this section, you should be able to address some of the following key issues: what is the aim of the project? Why is this project important? What does the project consist of, where will it take place, and how will you carry it out? Any significant issues concerning visas and travel regulations should be detailed here also.

Benefit of studies/research (300-500 words)

In this section, you should be able to demonstrate the benefits of this project to your current and future studies. If your project has a more practical focus, you should outline the professional experience and graduate attributes you will acquire on completion of the project.

Costings

You should be able to outline detailed cost estimates for each expense associated with the project (flights, train tickets, accommodation, food etc.), naming the airline, hotel etc. in each case. You may find it helpful to adapt the table below.

	Cost in £
Transport	
Flights (from X to X)	
Train tickets (from X to X)	
Bus tickets (from X to X)	
Accommodation	
3 nights accommodation at X Hotel	
Food	
Other	
TOTAL COSTS	

Please check your calculations. Your application may be rejected if your budget contains errors.

Applicant's declaration

I confirm that the information I have provided in Part I of this form is complete and accurate to the best of my knowledge at this date.
