# WSF2030

## Central Question

A Central Question sets the intent and gives clarity to the goals of an initiative. It defines direction, assists with transition, and promotes a shared understanding of the opportunity.

The central question was defined by the WSF2030 Programme Board.

How might we co-create ***inspiring workspace experiences*** within our ***worldclass research intensive university*** that promotes ***innovative*** and ***effective ways of working*** whilst:

- Strengthening our ***sense of community***
- Using space in an ***efficient*** and ***sustainable*** way
- Acknowledging the ***diversity in needs*** and the ***wellbeing*** of all colleagues, students and visitors

## Critical Success Factors

The vision of the future is grounded in the most important factors for success of over the next 3-5 years.

The Critical Success Factors for the SE+SSPS project will outline the key objectives and business drivers for the project. They will provide a direction, a guiding framework to work within.

SE+SSPS Critical Success Factors are based on the WSF 2030 Critical Success Factors, having been refined and detailed following interviews and work session with the Project Board.

**Controlled Growth Through Excellence:** Maintain and grow our reputation as an excellent social sciences college in the UK and around the world

**Boost Research, Teaching & Innovation:** Boost the quality of research and teaching by facilitating disciplines, cross disciplinary and collaboration

**Strengthen Community:** Enhance the feeling of being part of the School, College and University community

**People First:** Experience a culture of wellbeing that reflects the UofG values and puts people first in a great place to work

**Modality Shift:** Promote a shift in mindset from individual and siloed to collective

**Campus Fit for Purpose:** Efficient use of space to support our sustainability agenda and ensure affordability
