Susan McCallum-Smith, writer

Co-hosted with the Stirling Maxwell Research Project

Respondent: Hilary Macartney, University of Glasgow

Thursday, 22nd February 2024, 5 p.m., TalkLab and online

Susan McCallum-Smith gives a reading from her essay-memoir *Smithereens*, published in 2014. A chance encounter in a New York gallery opens a portal into a Glasgow childhood, that becomes a search for meaning and class identity through a work of art.

All welcome!
